

How to Make the Nativity Box Scene

Supplies:

- 6 Blue Boxes (flat)
- 6 Sticker Pictures (inside envelope)

****Read all instructions before beginning****

Step 1: Build your 6 blue boxes, but leave the top flap open.

- To do this, push the outer edges inward until the bottom flaps slide into place.

Step 2: Attach 1 sticker to each box.

- The stickers have a break along the backing, to remove simply turn sticker upside down and gently bend until the break separates.

Step 3: You now have 6 boxes ready for Advent! Write prayers or special wishes on a slip of papers or make a drawing and put them inside the boxes.

Step 4: Stack boxes each week to make a nativity scene.

- Weeks 1-3 on the bottom
- Weeks 4-5 in the middle
- Week 6 on top
